34. May 10, 2021 Re: Truth Seekers Assemblies Website.

Vernie Joy, one of my children dreamed that she was

outside the world-in the outer space. It was the biggest and widest place she has ever seen and there were satellites, some are small, some are big. There was also what looked like a very, very big box or building.

She heard spiritual beings talking and what she understood from them was: They were waiting for something in the earth to be pressed. By and by, it was pressed and the power went straight to the very big box or building and it shone so brightly (nagkidlap kidlap in our dialect).

From the very big box or building the power went to the

different satellites. Joy was very happy.

Note: This time Ruth Love and Gibson my children were uploading the Lord's messages from our books in the website: [www.truthseekersassemblies.com](http://www.truthseekersassemblies.com)

We all believe this was the very thing the spiritual beings waited for. HalleluYah!
